# What to Expect

My sessions and packages are completely custom - you tell me what will make you the happiest and we go from there!

I book 3-4 months in advance due to the high number of baby plans and families who wish to update spring and holiday pictures yearly. A limited number of spots are opened each month to accommodate newborns and families new to Jonnye Bower Photography. Newborn clients should contact me 2-3 months in advance if possible.

\*Please read this welcome letter thoroughly, refer to your email for your scheduled date & time, and fill out the Confirmation form thoroughly.

I will contact you shortly after I receive your Confirmation to discuss session details, including wardrobe and location, as well as various display ideas for your home.

~Session Sneak Peek & Gallery~

Your sneak peek will be posted to the blog approximately 7-10 days after our session. You will receive an email from me when it is ready, along with a link to download the gallery of low resolution watermarked files. These can be saved to your computer and will allow you the convenience of online sharing and emailing your favorites, as well as the ability for you to take your time choosing favorites!

I place no time restrictions on ordering. When you have made your decisions, just email them to me.

I'm happy to answer any questions you might have :)

My turnaround for orders is 2-4 weeks depending on the size and nature of the order. The following pages contain a variety of products and pricing, which will also be included with your gallery.

Since this is a completely custom experience, please follow the blog for new products and specials.

# Terms & Policies

{You agree to the following upon submission of your confirmation form}

## TRAVEL & LOCATION FEES

A \$50 travel fee is charged if shooting outside of Dallas & Collin Counties.

And extra fees may apply for certain locations.

## COPYRIGHT

The images from your session are copyrighted and registered, and the release below details what can and can't be done with the images. The prints you receive are professional-quality and are color-calibrated to the equipment used to process your images.

## RELEASE

By purchasing your portrait session, you agree...

Jonnye Bower Photography grants you a non-exclusive license to use, install, and copy the images on your disk subject to the following restrictions:

These images are solely for your personal use. "Personal use" means the private, non-commercial use of the images. You may not incorporate these images in any materials, goods, or services for which you charge or collect fees, or profit in any way - which means NO PHOTO CONTESTS. You may not resell, license, or otherwise distribute the images. All images are registered and protected. You are authorized to make unlimited copies of these images for personal use only.

## ORDERING PRINTS FROM ME VS. PRINTING FROM YOUR DISK

Clients invest in my photography because of the distinctive quality of my work. The manner in which this work is presented and shared directly reflects my professional image and brand identity. I recommend using your disk to print images at a 4x6 to 5x7 size for albums and family gifts. I ask that you allow me to handle the large works of art for your home. Naturally, I'm very invested in the finished product that is presented to my clients, and it's important to me that all my clients have quality, tangible photographic heirlooms.

## MODEL RELEASE

By purchasing this portrait session, the client grants that Jonnye Bower Photography may use any images taken at the session for the promotion of it's business and services. Including but not limited to: web site, weblog, educational purposes, studio display, promotional material and product demos.
